PROFESSIONAL EXPERIENCE

GoZen Technologies | Coimbatore, India

Product Designer April 2024 – Present

- Designed DeepAgent, an AI agent builder SaaS platform that enables businesses to create and deploy custom AI agents for Sales, Support, Marketing, and eCommerce.
- Redesigned the website landing page flow, increasing conversion from 12% to 22% (+83%) and reducing average signup time by 37.5%.
- Designed a user-centric HyperReach.AI landing page aligned with brand strategy, increasing signups by 30% and purchase conversions by 10%.
- Planned and launched four key product features, increasing overall platform engagement by 40% in 5 months.
- Produced an end-to-end DeepAgent product demo video, driving 100+ demo requests within 30 days of launch.
- Collaborate with product managers, engineers, marketing, and customer support to reduce churn and bounce rates and increase click-through rates.

UX/UI Designer April 2023 – April 2024

- Redesigned a major GoZen Growth module (Email Account) across 10+ screens, improving usability and workflow clarity.
- Worked closely with engineers and product managers to design intuitive features across 3+ products, delivering interactive prototypes.
- Delivered conversion-focused design decisions for scalable, high-performance SaaS interfaces with measurable business impact.
- Created marketing creatives (graphics and videos) that supported product promotion and increased user engagement.

EDUCATION

B.Sc. Visual Communication, AVASC Arts & Science College 2018 – 2021
